Graphics & Sounds Tom Clancy's Elite Squad both looks and sounds good as a game. In the beginning you are treated with a stunning opening scene with full voice acting and amazing visuals. This truly shows of the art style in full display. Speaking of which, the art style of the games takes a cartoonish 3D turn. Although, nothing really seems to cartoony to take away from the action of combat. The animations are also fluid and natural - making everything feel more immersive. All in all, both the sounds and graphics are both e delight for players. It's quite easy to become hooked on these aspects of the game.
